

Motor Oil 10w/40

Aegis 10w/40 Motor Oil is a superior high performance mineral oil giving total protection for motor vehicle engines. It is suitable for all makes and models including the latest multivalve, multi cam and turbocharged variants. Aegis 10w/40 motor oil is designed for European and Japanese vehicle use under all operating conditions. It is also recommended for use in most diesel engines including turbocharged. This oil offers the highest protection against wear, rust, oxidation, piston scuffing, valve gear wear and engine deposits.

APPLICATIONS:

Meets and exceeds API Classification SM, SL, SJ/CF

BENEFITS:

Meets above requirements for engine wear and deposit control.
Extra protection for stop and go traffic conditions.
Protection against viscosity and thermal breakdown.
Maintains viscosity over a range of temperatures and provides stay in grade performance through the recommended drive train.
The highest protection in both hot and cold sections of the engine, even in severe stop and go service.
Has excellent cold start and engine warm up properties.
Provides the highest protection against foam, rust, corrosion and oxidation.

TYPICAL PROPERTIES

SAE Grade	10w/40
Kinematic Viscosity @ 40°C, cSt	104.4
Kinematic Viscosity @ 100°C, cSt	13.5
Viscosity Index	145
Pour Point, °C	-30
Flash Point, °C	210
