

## Plus 100 Motor Oil

Aegis Plus 100 Motor Oil is a High Viscosity Motor Oil which will reduce oil consumption, engine smoking and quieten noisy engines. The high quality additive package used in Plus 100 Motor Oil gives added protection to older and high mileage petrol and light diesel engines. For added protection an oil change every 10,000km is recommended.

### **APPLICATIONS:**

Meets API Classification SG/CF

For use in older petrol and light diesel engines.

For use in high mileage petrol and light diesel engines.

To reduce engine smoking.

To reduce engine noise.

### **BENEFITS:**

Quieten noisy engines.

Reduce smoke in high mileage engines.

Offers extra protection in stop start traffic conditions.

Protection against viscosity and thermal breakdown.

Improves oil consumption control and provides longer engine life.

Provides protection against foam, rust and corrosion.
