

Power Steering Fluid

Aegis Power Steering Fluid is formulated using high quality base stocks and selected additives. It provides protection in power steering systems of both foreign and domestic automobiles. It controls seal swelling and protects pump parts against wear while providing the proper friction co-efficient for proper system operation. Suitable for use in hydraulic power steering systems.

BENEFITS:

Protects against wear

Provides controlled seal swelling properties

Protects rubber hoses

Resists foaming, oxidation, corrosion and rusting

TYPICAL PROPERTIES:

Colour	Red
Kinematic Viscosity @ 40°C, cSt	37.3
Kinematic Viscosity @ 100°C, cSt	7.1
Pour Point, °C	-40
Flash Point, °C	185
