Product Information

Cleaners / Degreasers

- **All Purpose Cleaner**

A universal cleaner suitable for cleaning a wide variety of surfaces including upholstery, carpets and vinyl.

- **K O Degreaser**

A powerful fast-acting water soluble degreaser designed for easy removal of dirt and grease. Particularly suitable for use around engines and machinery.

- **Quick Clean**

Heavy duty cleaner/degreaser for general use in steam clean bays. Can also be used as a concrete floor cleaner in workshops.

- **U B Cleaner**

Heavy duty cleaner for removal of greases, dirt and oils. Designed for use on the under-body and under bonnets of cars/trucks.

All products available in 200ltr, 20ltr & 5ltr.

**Please note some products are concentrated formulas which require dilution before use.*

Vehicle Washes

- **Truck Wash**

A neutral pH, high-foaming product which cleans without dulling vehicle paint work. Suitable for manual cleaning or with high pressure equipment.

- **Wash & Wax**

Is suitable for manual washing or through high pressure equipment. Wash & Wax has a neutral pH and contains no solvents or harsh alkalis. Waxes your car as it cleans!

Restorers

- **Nu Guard**

A water-based silicon formulation designed for use on all interior plastic and vinyl trim, leaving a non-greasy natural sheen. Ready to use.

- **Wondershine**

Solvent based silicon tyre and rubber dressing. Designed for use on external vehicle surfaces. Ready-to-use formulation.

Specialty Products

- **Green Apple Deodoriser**
- **Tint Glue Remover**

Hospitality/Domestic Products

- **Carpet Xtracta**
- **Dishwash Liquid**
- **Glass Magic**
